

History Along NEBRASKA'S BYWAYS

Hey, Parents!

I'm **Tyler**, and I'm helping your fourth grader learn about Nebraska history, more specifically the history that happened along Nebraska's Byways.

Byways are stretches of two-lane highway that are officially recognized as the state's most scenic and historic roads.

And they're great for teaching Nebraska history. They follow the Oregon, California, Mormon, Pony Express, and Sidney-Deadwood Trails. They go through the hometowns of famous people. And they have tons of museums and historical sites.

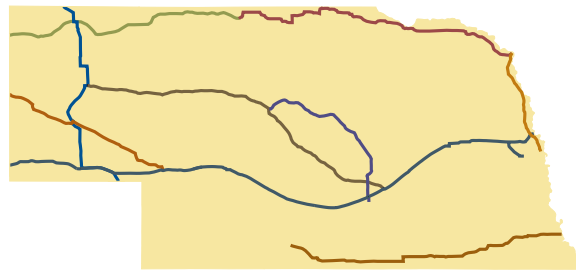

Visit me online at HistoryWithTyler.com to find out more about the history along Nebraska's Byways. You and your kids can play games, brush up on famous Nebraskans, and even plan a family trip to historical places.

Can't wait to see you there!

Sincerely,

Tyler
